LASER LIPO

Laser lipo uses laser technology to directly penetrate through 10 layers of fat from a desired area. This procedure is recommended for people that have loose broken up fluffy fat. \$125. Packages available.

NON-SURGICAL BUTTOCKS LIFT

Vacuum therapy uses ultrasound waves that lift buttocks, stimulates the muscles and mobilizes fat permanently. The buttocks and upper leg can be treated and receive a firm toned look without surgery. \$150. Packages available.

ULTRASOUND CAVITATION – 1 AREA

We use an ultrasonic device calibrated to target fat cells. Ultrasonic waves are directed to the area of fatty tissue you want to remove & destroy fat cell membrane. During the cavitation procedure we can also shape and sculpt the desired area as well as the muscle tissue beneath the fatty tissue. \$200

STOMACH & BACK ULTRASOUND CAVITATION

We use an ultrasonic device to target fat cells in the stomach and back area. Ultrasonic waves are directed to the fatty tissue in these two areas. \$250

RF SKIN TIGHTENING

Tighten desired area using radio frequency as well as customized treatments that vary by your specific problem area. Radio frequencies also provide a facelift without

surgery. Highly helpful in the reduction of dark circles under the eyes. \$50. Packages available.

CELLULITE REDUCTION TREATMENT

This custom treatment is designed to treat areas which have or are prone to cellulite. We use a variety of techniques which include but not limited to radio frequency waves, massage and cellulite reduction mask. \$50. Packages available.
